

# River Run Garbage Grab (R2G2)

Des Moines River Cleanup & BBQ, Saturday, August 14, 2010

The 9th Annual R2G2—Des Moines River Cleanup ([www.riverstewards.org](http://www.riverstewards.org))

Your Central Iowa ASCE Younger Member Group is putting a team together again this year to help cleanup the Des Moines River and trail system. The cleanup consists of several miles of the Des Moines river and adjacent trails/land. Although this is a task worthy of an army, we will commit to about 2 hours of cleanup followed by a picnic/BBQ for our team (with activities if there's energy!). Spouses, friends, and family are encouraged to participate in the cleanup and picnic, the more the merrier!

Please Note: In addition, for those that volunteer, you will receive a wrist band for free food and live entertainment at the Izaak Walton League Lodge starting at 6 p.m.

**Time:** Check-in at 9 a.m.

**Location:** East side of the Saylorville spillway in the parking lot at Bob Shelter Recreation Area

**R.S.V.P.**—Need to confirm either attendance to clean-up or BBQ or both to Todd @ [tknox@snyder-associates.com](mailto:tknox@snyder-associates.com) or 964-2020 by August 6th.

**Additional Details:** Trash bags & gloves will be provided, however you will need to bring your own water bottle. Event is rain or shine. More information will be emailed to those that RSVP or upon request. At ~11:30 we'll meet at Shelter #6 at Cottonwood Recreation Area (~ 1 mile south of Check-in location).
